

Ventspils University College Lifelong Learning Centre

2017

About Lifelong Learning Centre

- Founded in October 2002
- In the beginning there was Lifelong Learning small department
- In 2011 there was founded separate department – Ventspils University College Lifelong Learning centre.
- At this moment there work two regular employees and lecturers who run courses.

What we are doing?

1. Providing lifelong learning education and professional development training programs for everyone, regardless of profession, education, age and income by promoting professional growth and personal development.
2. Participating in lifelong learning projects;
3. Organizing international conferences, seminars and other educational activities related to lifelong learning;
4. Providing courses for unemployed persons in cooperation with State Employment Agency

We offer:

- Language courses;
- Different interest courses;
- Courses for students of a secondary school (math, physics, language courses);
- Seminars about different topics
- Individual courses in accordance with the requirements by learner.

Summer school for kids

- We also offer summer school for kids, like day camps about different themes:
 1. english;
 2. science and experiments;
 3. “Be creative” (drawing, reading, painting, manual training).

Courses for our employees and teaching staff

- Ventspils University College employees attend various courses to improve their knowledge and the quality of their daily work.

Thanks for attention!

*«Learning is a treasure that
will follow it`s owner everywhere»*
