

Welcome to

LIDKÖPING VIDVÄNERN

Our vision: Lidköping – a hospitable and sustainable municipality

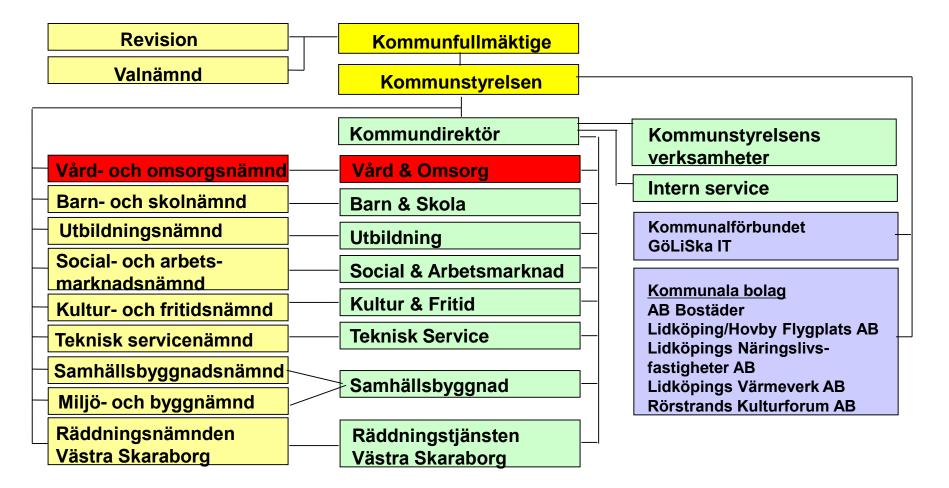

Objectives 2030

- Recognised good quality of life, a healthy environment and good services for everyone mean that more people are moving to Lidköping and we now have a population of at least 45,000.
- Lidköping is a meeting place that has doubled its number of visitors.
- There should be jobs within reach for everyone who wants to live in Lidköping and good infrastructure for getting to and from education and work.

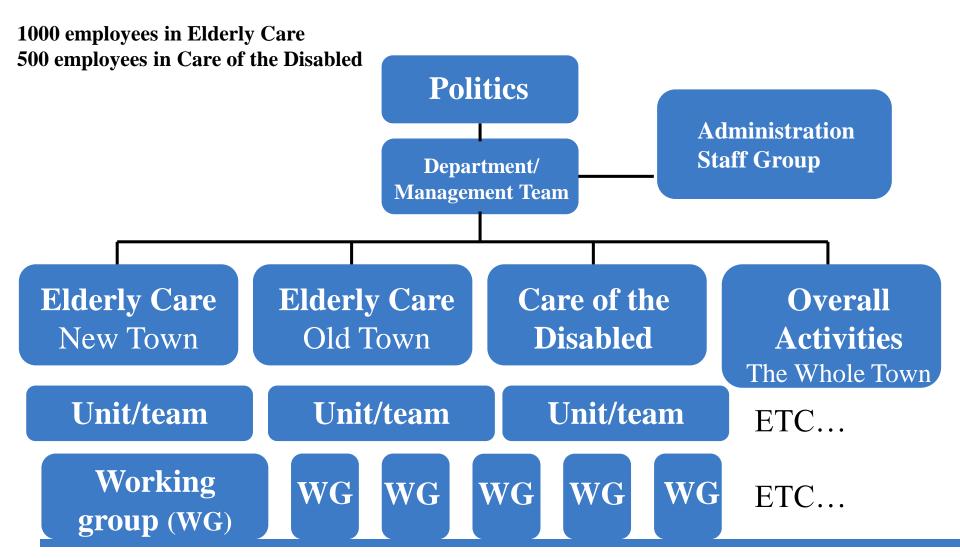

LIDKÖPING MUNICIPALITY

ENSURING QUALITY OF LIFE

The aim of municipal care provision is to ensure that older people and those with disabilities are able to live normal, independent lives. This includes living in their own homes for as long as possible.

Extract the social services law:

Old people

4 § Social Services Committee shall work to ensure that older people are able to live independently in safe conditions and have an active and meaningful existence in community with others.

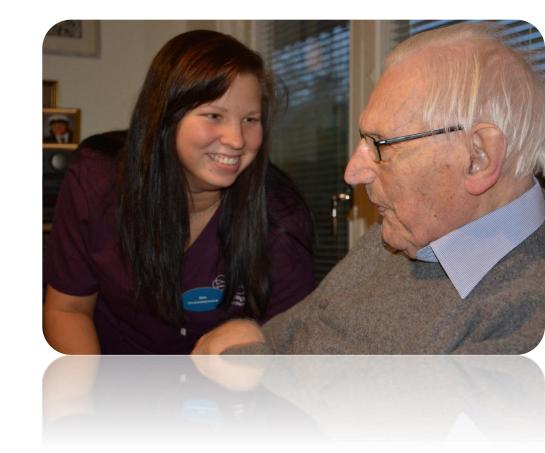

5 § Social Services Committee shall work to ensure that older people have good housing and to provide those who need the support and help at home and other easily accessible service. The municipality shall set up activities for the service and care for older people who need special support.

6 § Social Services Committee will make themselves familiar with living conditions in the municipality of older people as well as in its outreach activities to inform the social service activities in this area.

Late life learning

Fundamental values in elderly care

Living in dignity and with a sense of well-being could mean, that:

- You are able, to the extent possible, to choose how and when you receive support.
- You are involved in the decision-making processes surrounding your care. If you wish, your immediate family can also be involved.
- You feel that the quality of care you receive is high.
- The personnel treat you kindly and with respect.
- You feel that the personnel respect your opinions and wishes. You are also able to communicate freely, either through speech or another mode of communication.

Late life learning

- Your privacy, integrity and life choices are respected.
- You feel safe. You decide what feeling safe means to you. It may, for example, mean that you feel secure in your own home or at ease with the type of care offered by the personnel.
- You feel that your life has meaning. This could arise from, for example, being able to live in accordance with your culture, philosophy and/or faith.

Late life learning

- Sense of coherence
- Meaningfulness
- Comprehensibility
- Manageability

Late life learning

- Moving resources from residental care to preventive efforts
- Making information more accessible
- SeniorCenter
- Meeting places
- A wide range of aktivities for elderly.

Wishing you a pleasant stay in Lidköping!
